

# Dock Cleaning Instructions

Help prevent the spread of respiratory diseases like COVID-19

A clean dock promotes a healthy environment. You play an important role in keeping your work area clean.

You should sanitize/disinfect high-touch areas regularly.

- |                  |                      |                        |
|------------------|----------------------|------------------------|
| Forklift:        | - Tools              | - Trailer Door Handles |
| - Seatbelt       | - Door Knobs         |                        |
| - Lever Controls | - Dock Door Buttons  |                        |
| - Steering Wheel | - Pallet Jack Handle |                        |

Carefully dispose of the cloth immediately after use.

Wash your hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer.
